

Elizabeth Beattie  
Parent Governor

I have lived in Holywell for over 10 years and Northumberland all my life, therefore, the opportunity to be a fundamental part of this lovely school was too good to miss.

I have children in the school and feel there is a strong ethic for community and seeing the pupils enjoying school is important to me.

In my free time, I enjoy the local area, running , cycling and when feeling a bit more adventurous, I like to ski.

I also work for a National House builder in Morpeth and enjoy the challenges this role brings.

I want to be a part of the continuing success of Holywell Village First School.
